

FLEX PLAN CARD NO RECEIPT RETAILERS

When you use your flex benefits card at **No Receipt Retailers**:

- ✓ Only FSA or HRA eligible purchases will ring up on your card.
- ✓ You won't have to submit receipts to verify purchases made with your card.*

Here's how the "smarter" Flex Benefits Card works:

1. Take your over-the-counter healthcare products, prescriptions, and other items to the register and the clerk will ring them up.
2. Swipe your flex benefits card for payment (be sure to swipe your flex benefits card *first*).
3. The eligible amounts will be deducted from your Flexible Spending Account. The clerk will then ask for another form of payment for the non-FSA-eligible items.
4. If your flex benefits card is declined, the clerk will ask for another form of payment for the total amount.
5. The receipt will identify your vv items and provide a subtotal of the FSA-eligible purchases and the sales tax paid.

*Please save all receipts for items purchased with your flex benefits card. This is an IRS requirement.

Watch for new No Receipt Retailers

To view a regularly updated list of participating and pending retailers, go to <http://www.sig-is.org/en/resources/publications.asp> and click on the "SIGIS Merchant List" link in the middle of the page.

SIGIS (Special Industry Group for IIAS Standards) is an industry organization that uses the technical term "IIAS" (Inventory Informational Approval System) when referring to retailers that have implemented a specific technology that allows them to accept flex benefit cards for payment of qualified expenses.
